NYSE Euronext - Secure Financial Transaction Infrastructure[®] (SFTI[®]) Europe Connectivity

SFTI and Savvis

In financial markets, milliseconds matter. That's why Savvis is committed to providing low-latency, cost-effective market data and trading connectivity solutions for its customers to access the range of services offered via SFTI.

SFTI provides a single point of connectivity with low-latency access to trade across asset classes and geographies. Through SFTI, you can access execution venues, liquidity pools, market data, clearing applications and other financial industry participants. The high-performance network backbone connects over 1,300 participants to markets across the U.S., including all NMS market centers, and is actively expanding into Europe, Latin America, Asia and the Middle East.
